SUMMARY

Motivated Software Engineering student with hands-on experience in web development, database administration, and customer service. Skilled in HTML, CSS, JavaScript, C++, Python, and database technologies, with practical experience developing responsive websites and software projects. Currently developing knowledge in Data Science, Artificial Intelligence, and modern software development. Strong problem-solving, communication, teamwork, and learning abilities, with a passion for building practical technology solutions and continuously improving technical skills.

PROFESSIONAL EXPERIENCE

DBA Intern

Systems Limited

06/2026 – Present

ISLAMABAD,
PAKISTAN

- Assisted with database administration and routine database management tasks.
- Gained practical exposure to database systems, SQL, data management, and database operations.
- Supported database monitoring, troubleshooting, and maintenance activities.
- Developed practical understanding of database security, backup concepts, and performance-related tasks.
- Worked in a professional IT environment and collaborated with team members on database-related activities.

EDUCATION

INTERMEDIATE IN COMPUTER SCIENCE

Govt shaheed sher nawaz centennial model high school No 1 Tank

09/2022 – 03/2024

Tank , Pakistan

Completed Intermediate in Computer Science (ICS) with a strong foundation in Computer Science, Mathematics, and Physics. Developed fundamental knowledge of programming concepts, computer systems, mathematical reasoning, problem-solving, and logical thinking through academic studies and practical learning.

MATRIC IN SCIENCE

Govt high school Gara shabaz Tank

01/2020 – 02/2022

TANK, PAKISTAN

Completed Matriculation in Science with a strong academic foundation in Biology, Mathematics, Physics, and Chemistry. Developed fundamental knowledge of scientific concepts, analytical thinking, problem-solving, and logical reasoning through theoretical studies and practical learning.

BACHELOR IN SOFTWARE ENGINEERING

BARANI INSTITUTE OF MANAGMENT SCEINCES

09/2024 – 06/2026

RAWALPINDI,
PAKISTAN

Currently pursuing a Bachelor's degree in Software Engineering with a focus on software development, programming, database systems, web technologies, and problem-solving. Developing practical skills through academic coursework and hands-on projects, with an interest in modern software development, Data Science, and Artificial Intelligence.

BACHELOR OF SCIENCE IN STATISTICS WITH SPECIALIZATION IN DATA SCIENCE

IMCB F-10/4 — Affiliated with Quaid-i-Azam University

Currently pursuing a Bachelor's degree in Statistics with a specialization in Data Science. Developing knowledge and practical skills in statistics, data analysis, programming, databases, and data science, with a growing interest in Artificial Intelligence and machine learning.

09/2026 – Present
ISLAMABAD,
PAKISTAN

CERTIFICATES

DATABASE

Certiport IT Specialist – Databases

Earned the Certiport IT Specialist certification in Databases, demonstrating knowledge of database concepts, data management, relational database structures, SQL fundamentals, and database operations. Developed an understanding of creating, managing, querying, and working with structured data and database systems. Achieved a score of **979/1000** in the certification examination.

JAVASCRIPT

Certiport IT Specialist – JavaScript

Earned the Certiport IT Specialist certification in JavaScript, demonstrating knowledge of JavaScript programming fundamentals, variables, data types, operators, functions, conditional statements, loops, arrays, and basic programming logic. Developed practical understanding of using JavaScript to create interactive and dynamic web applications. Achieved a score of **940/1000** in the certification examination.

PROJECTS

Weather Application

07/2026 – 07/2026

Developed a responsive weather application that allows users to search for locations and view real-time weather information. Integrated a weather API to retrieve and display current weather data, including temperature and weather conditions. Designed a user-friendly and responsive interface for desktop and mobile devices.

Technologies: HTML5, CSS3, JavaScript, Weather API

NovaShop

06/2026 – 07/2026

E-Commerce Website

Developed a responsive e-commerce website with a modern user interface and practical shopping functionality. Implemented product browsing, shopping cart functionality, admin features, and invoice management using HTML, CSS, and JavaScript. Focused on responsive design, user experience, and organized project structure.

Technologies: HTML5, CSS3, JavaScript, Git & GitHub

To-Do List Application

07/2026

Developed a responsive To-Do List application for creating, managing, and tracking daily tasks. Implemented features to add, edit, delete, and mark tasks as completed using JavaScript. Designed a clean and user-friendly interface with responsive layouts for different screen sizes.

Technologies: HTML5, CSS3, JavaScript

Calculator Application

07/2026

Developed a responsive calculator application that performs basic mathematical operations such as addition, subtraction, multiplication, and division. Implemented interactive functionality using JavaScript and designed a clean, user-friendly interface with responsive layouts for different screen sizes.

Technologies: HTML5, CSS3, JavaScript
